SKILLS

- **Languages**: C, C++, Java, JavaScript, Python, PHP
- **Frameworks**: HTML, CSS, NodeJS, React JS,
- **Tools/Platforms**: MySQL, MongoDB
- **Soft Skills**: Work ethic, Reliable, Adaptive

PROJECTS

Zomato Restaurant Data Analysis & Prediction

Oct' 2025

Tech Stack: Python, Pandas, Scikit-learn

- Analyzed dataset of 10,000+ restaurants with missing values (20%) handled via imputation.
- Conducted EDA and feature engineering; visualized trends with Matplotlib and Seaborn.
- Built a predictive ML model (78%) for customer ratings and behavior forecasting.

Algo Visualizer

Tech Stack: React.js, JavaScript, HTML, CSS / Tailwind CSS Aug'2025

- Created to visually demonstrate how different algorithms work, helping learners understand step-by-step execution.
- Implemented animations and controls for visualizing sorting and traversal algorithms such as Merge Sort, Quick Sort, Bubble Sort, BFS, and DFS.
- Improved clarity in algorithm behavior, enabling users to easily compare performance, operations, and complexity.

Fit Flow

Apr' 2025

Tech Stack: HTML, Tailwind CSS, JavaScript, PHP, MySQL

- Designed a platform to help users easily access pre-defined workout plans and track their fitness data.
- Built user authentication, data storage using PHP and PhpMyAdmin, and dynamic workout plan generation based on user preferences.
- Provided a simple, responsive, and efficient solution for users to maintain account-based fitness tracking and goal-oriented workout planning.

TRAINING

DSA using C++ | CipherSchools |

Jun 2025 – July' 2025

- Learned core data structures including arrays, linked lists, stacks, queues, hash maps, trees, and heaps, and understood when and how to use them efficiently.
- Practiced algorithmic techniques such as recursion, backtracking, sorting (merge, quick, heap), searching, and graph traversal (BFS/DFS).
- Strengthened problem-solving skills by analyzing time & space complexity and applying optimized approaches to coding challenges.

CERTIFICATES

- Oracle Data Science — Oct' 2025
- NPTEL Cloud computing — Jan - Apr' 2025
- The Bits and Bytes of Computer Networking — Oct' 2024
- Introduction to Hardware and Operating Systems — Oct' 2024

EDUCATION

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.5*** — *Since Aug' 2023*
- **T.C.G Public School** — Kotdwar, Uttarakhand
  Intermediate; ***Percentage: 76%*** — *Apr' 2021 – Mar' 2022*
- **D.A.V Public School** — Kotdwar, Uttarakhand
  Matriculation; ***Percentage: 71%*** — *Apr' 2019 – Mar' 2020*
